View devices on my property

This is one of several 'Device list' reports. To run this report, most people choose **All devices on my PIC (no date range)**, but you can choose from eight options.

If you are authorised to view details for a livestock property (PIC), this report displays device (tag) numbers associated with that PIC. You may need tag numbers to check your records, or to submit transactions to the database.

The database accepts electronic devices for **cattle** or **sheep**, so if any devices associated with a PIC are electronic sheep tags, the NLISID and RFID numbers of those devices will appear in the report results.

If you wish to export the on-screen report data to an on-farm management/reader/scale software system, or manipulate the data with spreadsheet software, refer to the separate **Export report data** Tech Tip.

Login to the database at www.nlis.com.au

- 1 Once logged in, select **Cattle** or **Sheep (individual)**.
- 2 Select **View devices on my property** and click **Go**
- 3 Select a **PIC** or **All PICs** linked to your account.
- 4 Select the **Report type** you want to run.
- 5 Enter a **From date** and **To date**, if necessary.
- 6 Click **Go** to display the report results on-screen.

Which report would you like to view or generate?

Report name: View devices on my property

Output type: On-screen

PIC: NAO23191

Report type: All devices currently on my PIC (no date range)

From Date: 8 May 2012

To Date: 8 May 2012

Displaying items 1 - 20 of 67.
