This report lists electronic devices registered to a PIC that is linked to an agent's account. To run this report, select a **PIC** and a **Species** (or All species). For each device, the results show the NLISID, RFID, Vendor PIC, Saleyard name, NVD/Waybill, Description, Sale date and Species.

If sheep or goats have RFIDs, and their movements onto the PIC were recorded on an individual basis, the devices will be listed if they are still on the agent's holdings.
