

March 2014

View my current holdings (saleyard) report

For livestock traceability, saleyards must move animals off the Saleyard PIC/ID within a specified timeframe. Saleyards can run this report to get a list of devices still on their current holdings and identify any devices that must be moved off the PIC.

Login to the database at www.nlis.mla.com.au

- 1 Enter your **NLIS user ID** and **password** and **Login**
- 2 Select a livestock type to see options for that type on your home page.
- 3 Select **View my current holdings (saleyard)** and click **Go**
- 4 Select a **Species** (or All species) and click **Go**

Which livestock do you want to work with?

Which report would you like to view or generate?

Report name: **i**

Output type:

Species: (Please select)

All species

Cattle

Sheep

Goats

If sheep or goats have RFIDs, and their movements onto the PIC were recorded on an individual basis, the devices will be listed if they are still on the PIC.

A list of devices currently registered to a Saleyard PIC. To run the report, select a **Species** and click **Go**. If there are any devices still on the Saleyard PIC, for each device, the results show the NLISID, RFID, Vendor PIC, NVD/Waybill, Sale date and Species. These details can help you to move devices off the Saleyard PIC within the required timeframe.
